### **Special Bulletin**

July 10, 2006

#### **ELECTION RESULTS**

"The Board of Directors of TXRPC convened a special meeting July 10 to canvass the election. The Election committee reported that Sandy Cormier, Chris Yule, Michael Bird, and Foster Davis were the four candidates receiving the most votes. There were no ties among the top spots, and as such these four were affirmed as elected to Board Positions D, E, F, and G respectively.

The election committee reported that "Voter Turnout" was exceptional with 54% of the member representatives casting ballots.

The New Board will convene Wednesday, July 12, in a conference call to elect officers and finalize the program for the upcoming membership meeting."

#### **A SPECIAL THANKS**

The board wants to thank and commend all the nominees for their willingness to contribute their time to the preservation and improvement of the Rehab Industry in Texas. The board notes that there were ten names submitted for nomination. Three qualified prospects declined nomination, as they were unable to commit to a two year term on the board for business and or personal reasons.
